INFORMATION ITEM: Presentation: The Case for Pedestrianizing Ocean Boulevard Presenter: Robert Kunysz, Beautiful PB Scott Chipman provided an opposing view presentation.

Sample comments:

- It's a congested area, this opens it up
- Some positives but weekly seems like too often
- It's a pilot, try it and see
- Diverting traffic into the alley would be more dangerous
- Make it permanent, and 2 hr parking in the area
- Close off for drop off only
- Permanent would likely be better than temporary
- Oppose for safety, this is a smokescreen for anti-car agenda,
- We need the access and drop off for families, especially kids
- The parking is needed don't close
- ADA parking, permanent may be better than temporary
- What about the fire department input?
- What about the Coastal Commission input?

ACTION ITEM: Second round of the PB Parking Survey data collection
Presenter: Lyssette Williams

3 additional questions have been added, including asking if you work, are in school, retired?

Motion to move the survey forward to the community at large with the goal of gathering 400 surveys in the various quadrants.
